BUSINESS AND RELAX

Prestige and image, deals, motivating people. When these are your corporate objectives, the Fattoria La Loggia is truly an ideal framework for organizing and carrying out your programs: special events, meetings of associates or members of the trade, corporate anniversaries...

So that your event can truly be unique and capable of helping you attain your company's promotional objectives, Fattoria La Loggia has specially furnished and restructured for the purpose some of the most appealing structures of its village—as for example the ancient lemon house, which can accommodate as many as 80-100 persons. It has also organized a specialized team capable of creating and, with you, "tailoring" the entire corporate event in keeping with your precise needs and objectives and in all of its logistical and promotional aspects, from the personalization of the entire village with the company's colors to the welcoming cocktail, from the supplying of technical and audiovisual equipment for working meetings to the programming of entertainment throughout the duration of the sojourn.

As far as overnight accommodations are concerned, it is possible to install corporate groups of 15-40 persons in double bedrooms, apartments and suites. In respect to luncheons, dinners and performances, it is possible to accommodate as many as 150 persons. In case of necessity, a further 40 persons can be accommodated in an annex only a few hundred meters (yards) from the estate.
