FATTORIA LA LOGGIA

dal 1427

Hospitality and smiles:

this is the motto of the whole staff of the Fattoria La Loggia. You will always find us at your complete disposal, efficient and smiling, to make your stay unforgettable.

Baruffaldi Family, after having revived the wine activity and restored the farm's village, have opened their casket to hospitality and have made of it an elegant and friendly refuge able to give the guests unique and magic experiences and sensations. Finally, they have given life to their most recent creatures: the **'La Loggia' Art Centre** and the permanent outdoor Museum of Contemporary Art.
